

Topic: Sequoia National Park
Creative Director: Tiffany Lee
Designer: Victor Baek

Mock up A

- Overall
 - Body text: maybe a different font that's easier to read
 - Maybe a few more pictures
 - Sources at the footer
 - Background slightly paler
- Computer
 - Make it a little more interesting if the body paragraph and photos would swap places (right and left)
- Phone
 - Maybe do photo then text instead of squeezing it side by side (have them on top of each other)
 - Line up the navigation bar sections
